The Road to Health and Long Life. BECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

Impurities of the Biood.

In selecting the most appropriate medicine (c) a particular allment, there may be some difficult unless one can be found to purify, regulate, at improve the quality of the blood. These Pili, possess and lexert these three qualifications in so extraordmary degree. They enable the stomacr to digest any ordinary lood, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and thow into the culculation the purest elements for sustaining an repairing the frame.

Weakness and Debility. How many persons suffer from debility withcre knowing the causes why they are feeble! In mc. cases the stomach is the argressor. Holloway a Pills have long been faumed for regulating a disordered stomach, and restoring its healthy digestive tone; they are therefore confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Diseases of the Head and Heart.

These formidable diseases are, unfortunately of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest perservatives against all derangements of the brain and are the speediest correctors of irregular circulation. If they be taken without delay when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelous.

Females of all Ages and Classes. Females of all Ages and Classes.

The fame of these Pills is pertly based upor the beneficial effects they have upon the constitutions of females. From the domestic servant to the percess, universal favour is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical priod—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pilis will soon rectify the evil, and speedily bring back energy, strength, and cheerfulness to the frame where previously all was lassitude, gloom, and dejection. Despondency, Low Spirits.

VOICLES ERSHINES SAUGE
L. & P. having discovered that several of the Fodgra Markets have been supplied with Spuntouslastations, the labels closely resemble those of the genuine Sauce, and in one or more instances the names of L. & P. concup.

At P. concup. The property of the property of the world and parelly fruited their correspondents in the various particulated their correspondents in the various particulating of the world to advise them of any intringement of the world to advise them of any intringement. The misery occasionad by a disordered digestion is unfortunately, felt by most. These famous Pills should be taken in appropriate doses, to adjust the disturbed functions. They dispel 'headache, billiousness, nausea, lowness of spirits, and altismilar aliments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience. \* Sold Wholesale and for Export by the Proprietors. Worcester; Measrs. Crosse and Blackwell. Measrs Barelay and Sons. London; etc., at the Grocers and Ollmen universally. 110 lawly

and Colos,

In our changeable climate, few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflamation, and restore lasting soundness.

Holloway's Pills are the best remedy known in the World for the following diseases:-

Sold at the establishment of PROFESSON HOLLC-WAY, 244 Strand fnear Temple Bar, London; also closes throughout the cities and Delers in Medi-cing prices:—1s, 1½d; 2s. 9d; 4s. 6d; 11s., 22s., and 35s. each Roy.

### THE NEWS.

HE BRITISH COLONIST PUB LISHING COMPANY having received a large addition to their stock of new and beautiful lobbing type, will execute orders to any exten-with neutness and despatch, at a slight advance on San Francisco prices

The telegraph is still singularly deficient in details about the loss of the Labouchere All the additional information we can glean is what we have already surmised-that the vessel became enveloped in a dense fog, and the captain, unable to discern the usua landmarks, and possibly laboring under defective compasses, had kept unconsciously too near the shore, and thus came into contact with the reef off Point Reyes. The steamer it would seem, had kept affoat all night, giving time for a rafe to be constructed large mough to take the passengers to the neares landing place, which was ten miles from the reef. The loss of the two unfortunate men, Wilcox and the steward, is more definitely described, but we are still in doubts about the matter. The telegram which gives us the details, such as they are, is dated the day previous to that on which the despatch from the British Consul to Mr. Birch at New Westminster was sent, yet the latter and the later telegram says no lives were lost. Of the disposition of the passengers we have as little information. Some, it is said, were taken to Portland by the Montana, and others went back to San Francisco; but with all the various despatches we have received we cannot rely with any degree of certainty on the arrival of a steamer here. The passengers taken to Portland would be worse off there than if they had gone back to San Francisco, unless indeed the Montana, on her return trip to the latter city should bring them up to Victoria. Of the loss or safety of the mails we are also in the profound ignorance. In fact we are little better off in the way of obtaining information from San Francisco when we want it than we were when the telegraph was no farther North than Portland. It is a matter for congratulation, however, that we shall in a few days be no longer dependent on New Westminster or Seattle for our telegramsthat we shall be able to communicate direct between this city and San Francisco at a

moment's notice. On the fearful nitro-glycerine explosion in San Francisco, the telegraph, as will be seen by the ample details of the harrowing catastrophe in another column, is more explicit. The calamity turns out to be much more dreadful than was at first supposed-

The most important telegraphic news today from the East is the passage of the Confederation scheme in both Houses of the Nova Scotian Legislature. A few days ago we announced the success of the measure in Newfoundland, and there is every probability of the matter being carried in a few weeks in New Brunswick. Nova Scotia was the most bitter opponent of the scheme when it was first mooted, so that its conversion, along with a change in the New Brunswick Ministry, leads us to the conclusion that the Imperial Government has been making its influence felt in the maritime provinces on this great question of Confederation. The whole scheme will no doubt be completed and in operation the present year. Our great hope is that the Pacific colonies will not be long behind their brethren on the Atlantic side; for if there is one panacea which looms out more effectual than another for our littleness, it is being attached to the vigorous and rapidly.growing colonies on the other side of the Rocky

As will be seen in another column, our special correspondent to Big Bend has written a very interesting letter from Seymonr at the head of Shuswap lake. After all the bluster of the Oregonian press about the ad vantages of their route, we find that while there are upwards of 200 miners at the diggings who have gone up by the Fraser net a single miner has, so far, reached Big Bend by the Columbia river route. This settles the question in the most practical manner with regard to the respective means of communication. According to present appearances there would seem to be no possibility of miners reaching the gold diggings by way of Portland and the Columbia before June, while the Shuswap lakes, we may conclude are now open for navigation, and the boats that have been recently built are busily engaged in plying their vocation from Savann's Ferry to the head of the lake. Provisions, it would appear, are getting more plentiful, especially flour, so that the fear which has been so often expressed that a great scarcity of food will be felt by the miners, is becoming more and more faint. No mining has been done during the winter, French creek, at the latest dates, having as much as three feet of snow. The weather. however, was becoming rapidly warm, and the snow was quickly disappearing from the banks of the creeks, so that by the 1st of Maz the ground in every part of Big Bend will no doubt be workable.

DEATH ON BOARD THE SPARROWHAWK .-On Saturday morning Mr. John Dearden, Chief Engineer of H.M.S. Sparrowhawk. lying in Esquimalt Harber, was found dead in his bed. On the previous evening Mr. Dearden retired to bed apparently in the enjoyment of his usual health and on his not presenting himself the next morning his cabin was entered and the unfortunate man was found to be quite dead. Deceased, who was a native of Lowmoor, near Bradford, Yorkshire, was aged about 34 years, and w learn, leaves a wile and family in England to mourn his loss. He was a steady and industrious officer, respected by all on board.

A post mortem examination was made by
the medical officers, who, we understand,
pronounced the cause of death to have been pronounced the cause of death to have been apoplexy. The Coroner was informed of this fact and it was left to him to determine whether an inquest should be held or not. The funeral will take place to-morrow and probably the band of the Rifle Corps will be in attendance.

THE NEXT STEAMER-The opinions enter tained respecting the movements of the steamers down below are somewhat conflicting. Mr. R. Dickinson of New Westminster, the Columbian says, has received a telegram stating that a steamer (name not given) was to leave San Francisco on Saturday, the 21st, for New Westminster. Capt. Mouat telegraphs to the Hudson Bay Company that he would leave on the 18th by the Oregon but does not say whether for Portland or Victoria and our telegraphic news, it will be seen, makes no mention of any steamer have ing left for this port either on the 18th or 19th. Mr. Haynes of the Telegraph Co. has received a telegram stating that some goods were shipped to his order by the Oregon, leaving San Francisco for this port on the 21st, and this announcement may be considered as conclusive. This steamer will therefore be due on Wednesday or Thursday.

THE CLALLAN BAY AFFAIR-The schoener A. J. Wester, Capt. Mills, which arrived yesterday from the other side, brings further intelligence of the Indian outbreak at Clallam Bay. We are happy to learn that Mr. Webster, Indian agent, has not been killed webster, Indian agent, has not been knied as reported by the natives. A disturbance arose through Mr. Webster interfering in a family broil between some of the Indians in his jurisdiction. According to the creed of the savages one Indian was mamaloosed by nother for having taken the life of a relative, and Mr. Webster endeavored to have th offender conveyed on the Wester to justice. This excited the wrath of the tribe, who threatened violence. A company of twenty soldiers arrived at the scene of the disturba ance by the Cyrus Walker, and order was re-established without further bloodshed.

PERFORMANCE. - A grand entertainment under the patronage of His Excellency the Governor and officers of the fleet and Vol- members who have been stricken with Big inteer Corps is announced to take place in the Theatre, on Monday the 30th inst., by the Amateur Dramatie Association, the Alert Dramatic Club, and the Volunteer Rifle Corps, Dramatic Club, and the Volunteer Rife Corps, assisted by Miss Jenny Arnot and R. G. Marsh. The pieces to be represented will be the amusing farce of "The Waiter of Cremorne," by the Alert company, and the tragico-comico burlesque of "Villikins and Hys Dinah," by the Amateurs with a musical interlude. This will probably be the last entertainment of the season, and we hope to see a large attendance on the occasion.

FELD & Co .- Are prepared to supply miners and travelers with every description venient sized packages for transmission to any part of this or the sister Colony, at the lowest Free Part prices.

Particular attentions to the prisoner, which had been found on the premises. lowest Free Port prices. Particular attention is paid to the selection of goods for the Big Bend and Bridge River markets, and parties desiring to procure supplies for those mines may rely upon getting a superior article at our store. Coffee roasted and prepared on an improved principle; and Spices guaranteed free from adulteration, may be had in any desired quantity. Fell & Co. Coffee and Spice Merchants and Family Grocers, Yates street, Victoria, V. I.

NEW WESTMINSTER .- Miners and others going to Big Bend or Bridge River will find they had arrived at the diggings and had Hicks' Hotel (which is now kept by W. E | been taking out from \$4 to \$6 per day, while Stein, formerly of the Hot Springs,) one of awaiting the opening of the weather so as to the best and cleanest houses in the city .-Meals and Beds at 50 cents each, and of the country.-Post. Drinks 121/2 cents. \* 3 m

Cleal's Restaurant Burnt.

FIRE ON GOVERNMENT STREET.

ACTIVITY OF THE FIREMEN.

The Fire Department of Victoria have been equently complimented by good judges on their readiness and efficiency, but on Sunday norning they more than ever showed their title to every oulcgium that can be bestowed

At quarter past 4 a.m. the fire bells sounded an alarm, and although the majority of the citizens were reposing too soundly under the sheets to even hear the slarm, the firemen were out in a marvellously short space of time, and rushed with their engines to Cleal's Restaurant and Bakery on Government street, which was then in a blaze. The Hook and Ladder Co, were first on the spot promptly followed by the two engines, the Tiger boys being the first to draw water from the cistorn at the corner of Government and

for the cistorn at the corner of Government and Fort street.

Two hose pipes were quikly laid on from each engine, the boys though few in number working with a rapidity and a will that did them infinite credit. Some citizens assisted at the pumps, which were kept working incessantly until the flames were subdued. Assistant Engineer Thomas Burnea assumed charge of the Department, and proved hiaself to be well versed in the responsible duties of his office. Two pipes were placed on the roof, which the men ascended by the front verandab, and played most effectually on the roof, which the men ascended by the front verandah, and played most effectually on the flames, while a third pipe played through the front door, and a fourth from the Deluge engine was taken through the Ociodental alley way and rendered good service from the back of the building. The fire was confined chiefly to the back part of the building, but the flames rushed up through a dumb waiter that communicated with the up-stairs restaurant, and the draft acting like a chimney flue, sent the flames up a considerable height above the roof. The entire building and the several tenoments adjoining, building and the several tenoments adjoining, between the London House and the Occidental, being constructed of wood the chances of a thanks to the firemen and those citizens who gave them a helping hand, in less than halt an hour the flamss disappeared and the fire was quenched. Two large water butts resting on stands over the kitchen having their supports burnt from under them fell, and deluged the burning debris with hot water.

While all this was occurring the Hook & Ladder boys, who were as active as cats,

Ladder boys, who were as active as cats, were busily at work knocking away burning timber and saving property. In the upstairs restaurant were a number of valuable pictures, mirrors, &c. Whatever furniture and fixtures were removed from both restaurants were carried to the Royal Charter, on Fort street. The building, which attracted a crowd of persons all day yesterday, is nearly consumed, but the damage was most dexterously kept from the frame buildings on either side of it occupied by Messrs. Stemmler & Co., upholsterers, and A. J. Welch, provision store. A portion of Mr. Welch's roof was burnt. Messrs. Stemmler's goods were soon removed, but that firm will nevertheless susremoved, but that firm will nevertheless sus-

removed, but that firm will nevertheless sustain a loss, through damage from water and other causes, of soveral hundred dollars, for which we regret to learn that they are not insured. Mr. Cleal's establishment was insured, with Messrs. Siftken Bros., agents for the North British and Meroantile Insurance Company, for \$4,500.

An inspection of the premises will convince any person that a smarter piece of work could not have been accomplished by any fire brigade, and a substantial mark of public appreciation is due to the department. Mr. A. J. Welch has very creditably set the example by forwarding to Assistant Burnes a donation of \$20 to the funds of the Institution.

It would be invidious to make distinctions between any of the firemen where all exerted themselves to their utmost, and we shall therefore say no more than that the directions were admirably executed under the orders of the active Assistant and Messrs. J. C. Keenaa, Foreman of the Tigors, John Dixon, Foreman of the Deluge, and other officers of the department. Firewarden R. Lewis was also at his post and assisting the fire-

men.
The fire is supposed to have been caused by an overheated range and to have originated in the flue which passed through the

serve in Parliament for the city of Victoria in the room of Selim Franklin, Esq., has been issued, and the Sheriff gives notice that been issued, and the Sheriff gives notice that the nomination will take place in front of his office, on Thursday next at 11 a.m. Thos. Harris, Esq., it will be seen, through intelligence received by the last mail, will be compelled sherily to proceed to England, and, therefore, withdraws his name as a candidate, leaving the coast clear to any competent candidate possessing the confidence of the electors.

resulted in the election of the following gen-tlemen by acclamation: Ward No. 2, David Withrow; Ward No. 4, W. Hitchcock; Ward No. 6, George R. Ashwell. A better election of men could not have been made -Columbian

Police-Tom, a Fort Rupert, was fined on Saturday by the police magistrate \$25, or two months' imprisonment, for affectionately

COLLINS' TELEGRAPH LINE-The Columbian tates that Mr. Edmund Conway, the indeatigable superintendent of the Union Extension Telegraph, would leave on Saturday to ollow up Major Pope's exploring party with the construction of the line. Mr. Conway expected that the line would be completed this season as far as Stekin.

MINING AT BIG BEND -A private letter eccived here from some miners who went to Big Bend very early in the season, states that enable them to prespect. They spoke highly

FROM BRITISH COLUMBIA - The steamer Enterprise arrived on Saturday with about 40 passengers and an express. Beyond the interesting letter from our Big Bend correspondent there is little up country news. Mr. L. Hotier reports the weather fine at Lytton and trade brisk, the opening of the Lakes

FROM YALE .- The steamer Lillooet, Capt. Fleming, came down from Yale on Friddy fternoon, about 3 o'clock. She brought a small express and a few passengers. Lir. Barnerd, who came down by her, we learn that the Shuswap Lake is clear of ice, nu navigation open. The steamer Marten is rapidly approaching completion. Her boilers ave reached the steamboat landing, and the balance of her machinery is being pushed through with the utmost possible dispatch. Mr. McKay, of Kamloops, arrived at Yale on Thursday. He reports favorably of the roads and the mines. Two stages left Yale yesterday morning, crowded with passengers.—

ERROR -By an oversight the verdict of \$1,500 damages in the case of Mecredy vs. Copland was reported in our issue of Saturday to have been rendered for the defendent instead of the plaintiff,

FROM NEW DUNGENESS .- The schooner A Wester arrived on Saturday evening with

a cargo of hay.

ERRATA .-- One or two palpable errors and omissions were inadvertently made in our ditorial of Saturday.

FOR ENGLAND .- The H. B. Co's. bark Princess Royal sailed on Saturday for London.

EN ROUTE TO BIG BEND

LETTER FROM SEYMOUR. FROM OUR REGULAR CORRESPONDENT.

SEYMOUR, HEAD OF BIG SHUBWAP LAKE April 10, 1866. HE FIRST PASSENGER BOAT ON THE LAKES. After leaving Fort Kamloops we pro-eeded by land about 45 miles up to the oint where Captain Wm. Moore built his point where Captain Wm. Moore built his boat, which is six miles above where the steamboat is being constructed. Captain Moore is the same energetic, hard-working man he was in Victoria. He has two boats, both scows, built, one of which is decked over for passengers, and the other is intended for freight; she will probably earry about 30 tons. After waiting at this point five days for the ice to break up in the Upper Shuswap Lake we took passage on the first trip of the boats, the price paid being \$5\$ and one cent per pound for freight, provided the boat could get all the way, distance about 65 miles.

by taking freight at less rates than the steamer. The current in the Lower Lakes steamer. The current in the Lower Lakes and river runs, at the present low stage of water, some four or five knots an hour, but when the water is well up, on account of the back-water they say it is less. The reason for building the boats so high up the lakes is that no suitable timber in any quantity could be lound at a lower point. Men are already engaged in cutting firewood for the steamer, for which they are to receive \$4 per cord delivered on the beach.

ESCRIPTION OF THE LAKES AND COUNTRY No more pleasant trip can be found than a journey up these lakes in the summer time. Until you reach the Shuswap Lake the land on either side for some distance back is flat. f the pinus family. Excellent trout are said abound in the lakes, but at present it is to abound in the lakes, but at present it is too early in the season to test the truth of the assertion. Game—grouse, rabbits, ducks, geese, &c.—are to be found in moderate quantities: All the way up from Savana Ferry to where the steamboat is building, good farming land may be found; a few farms are occupied by old settlers, and a considerable quantity of land has been taken up since the Big Bend excitement. Those who have farmed for some time inform me that almost everything that could be expected to quantity for which he asked 90 conts per lb.

Potatoes are plenty, at six cents per lb.

TOWN OF SEYMOUR— THE FIRST DEATH.

This place (Ogdenville or Seymour) at present consists of about 20 buildings (finished and building) there being 2 butcher shops, 1 hotel, 1 saloon, 1 bakery, and 2 general stores. The steamboat landing has been selected by Mr. McKay (who is now here) and is a few hundred feet above the present two months imprisonment, for all dectorated by Mr. McKay (who is now here) trying to bi his wife's finger off. Tom, the Russian, charged with having robbed the premises of Mr. Eugene Thomas on Yates street, was again brought up and remanded for two days; the only additional evidence was the production of a knite believed to belong to the prisoner, which had been found on the premises.

Collins' Telegraph Line—The Columbian

Gold that here to be found to be a many the disease was supposed to be mountain fever. He was buried to day on the edge of the woods on the shore of the lake, with all the ceremonies it was possible to give. The best of care had been taken of him during his sickness. I have understood that he was a Freemason. understood that he was a Freemason.

PATAL ACCIDENTS ON THE ICE. A number of persons have fallen through the ice during the last week or two, most of them drawing hand-sleds at the time, and thus losing all their provisions, in most cases barely escaping with their lives. One poor fellow thus lost his life last week. His name was Henry Fry, a Cornishman; although every exertion was made to save him it was found to be impossible. His body has not been recovered. An Indian woman and two children were also drowned some time since.

TRADE AT SEYMOUR-MARKET PRICES. Business is duller here at present than it has been all winter, and will continue so un til the lakes open as most of the mines have left for the Creeks and no large number of fresh arrivals can be locked for until the poats are able to reach here. Provisions are boats are able to reach here. Provisions are in aupply equal to the demand at present here. Flour (which appears to be the most abundant article all through the country) being 30 ots. per lb; fresh beef, 40 cts.; beans, 45 cts.; bacen, \$1.25; candles, \$1.50; other things in proportion, averaging about \$1 per lb. No vegetables of any kind whatever are to be procured at present, but they can be got quite readily as soon as the lakes open. Meals, (very good ones considering) are \$1.50.

TELEGRAPHIO.

(From the Columbian.)

Eastern News.

U. S. FLEET FOR THE FISHING GROUND. WASHINGTON, April 14— The President sent a message to the House to-day saying that the Secretary of the Navy has taken measures to send a fleet to the fishing grounds to protect American interests. There is no recommendation to Congress deemed neces-sary at the present time. ANNUITY TO MRS. M'COOK.

The House yesterday, after two hours de-bate, voted an annuity of \$2,500 to Mrs. McCook, mother of the gallant McCook boys, in addition to the pension which she draws since the death of her husband during the Morgan raid. The only point of opposition to it was that it might furnish a precedent for canquities. for canuities,

The Senate yesterday passed a resolution

establishing the rate of pensions at \$25 monthly in all cases of total disability requiring constant aid of another person; \$20 monthly in all cases of total disability not requiring personal aid; and \$5 when disability interferes with labor.

ANNIVERSARY OF LINCOLN'S DEATH. Споло, April 14—The annual anniversary of Lincoln's assassination is being generally of Lincoln's assessmation is being generally observed to day in all the eastern cities. Public offices are closed by order of Secretary Seward, and flags are at half mast, etc. At Madison, Wisconsin, by order of the Governor, half-bour guns were fired from sunrise till sanset. The event will be further observed to-morrow by religious exercises.

PROSECUTIONS AT MEMPHIS. Chicago, April 13—Several negroes have been prosecuted at Memphis under the State Law for keeping bar and billiard saloons. Their connsel pleaded the Civil Rights Bill in defence, and the Judgo will deliver his opinion in a few days. THE ASTORIA CUSTOMS ROBBERY.

New YORK, April 13—John Lambert, an Englishman, has been arrested, charged with stealing twenty thousand dollars from Wil-iam L. Adams, Collector of Astoria, Oregon. THE EXPLOSION IN SAN FRANCISCO.

FURTHER DETAILS.

Loss of the Steamer Labouchere.

SAN FRANCISCO, April 16 .- From the

Alta's extra the following particulars of a terrible calamity are given :—At thirteen After going about ten miles we struck the ice, and had to take to land travel, for although the ice was too hard to get a boat through, it was too weak to travel over with safety. Parties are camped all along the lake, having get so far and not being able to get any further with their provisions, so all are praying for the ice to break up, but it is impossible to say when their prayer will be runbish, and glass came rattling down from the correction from the content of California and Montgomery streets, the air was filled with dust and flying ranted. during a siege, and for many blocks in every direction from the north-west corner of California and Montgomery streets, the air was filled with dust and flying rubbish, and glass came rattling down from every window as if the explosion had occurred in each separate building. The consternation which seized on the passers by Wells & Fergo's was terrible; men, women, children, horsemen, pedestrians, dray and express teams without drivers, came charging pell-mell down the street in inextricable confusion. As soon as the first panic began to subside, there was an immense rush towards Wells, Fargo & Co.'s building, and the streets were for a few seconds so blocked up that it was almost impossible for fire engines to be brought into position to check the flames, which it was thought were about to break out in the scene of the explosion. At first it was impossible to locate exactly the scene of the explosion, terrible was the consternation and so general was the ruin in the vicinity; but investigations made within a few minutes demonstrated the fact that it occurred in the rear of Wells, Fargo & Co's buildings, on the north-west corner of California and Montgomery streets, and Bell's Assay oflice, in the rear of Wells, Fargo & Co's and on reaching the very streets. Our reporter gained admission the fargo of the United Club rooms, over Wells, Fargo & Co's and on reaching the rear of the building a scene of ruin, the farge and impressive.

\*\*Sofar as known at this time, 10 p.m., the stilled or badly wounded is as follows:

\*\*Employees of Wells, Fargo & Co.'s Samuel Killed; F. E. Webster, head of the New York Department, went out into the yard to examine the freight went out into the yard of the New York Department, went out into the yard to examine the freight went out into the yard of the New York Department, went out into the yard of the New York Department, went out into the yard of the New York Department, went out into the yard of the New York Department, went out into the yard of the New York Pepartment, went out i THE STEAMER "MARTEN," AND THE LAKE
TRAFFIC.

The steamboat timber is about all ready, and when we came along they were looking. The steamboat timber is about all ready, and when we came along they were looking every day for the arrival of Mr. Trahey with the moulds, after which the work could be gone on with great speed, and it is asserted she will be ready by the specified time (middle of May). In the meantime the boats, of which I should suppose there are about a dezen, will reap their harvest, although even after that time they will do a good business by taking freight at less rates than the steamer. The current in the Lower Lakes streets. Our reporter gained admission through the United Club rooms, over Wells, Fargo & Co's and on reaching the streets. Our reporter gained admission through the United Club rooms, over Wells, Fargo & Co's and on reaching the rear of the building a scene of rain, which utterly beggars description, met the e.e. The large one story structure, containing the office and billiard saloon of the United Club, over the arched gateway which lead into the rear of Wells, Fargo ously cut and contused. & Co's office from California street, was an entire wreck. The end was blown out & Co's office from California street, was an entire wreck. The end was blown out and the floor torn into splinters, the iron roof rolled up like a piece of wall paper, the rafters hanging loose in every direction. The furniture was smashed direction. The furniture was smashed Harris, Esq, it will be seen, through intelligence received by the last mail, will be compelled shertly to proceed to England, and therefore, withdraws his name as a candidate, leaving the coast clear to any competent candidate possessing the confidence of the electors.

Municipal Councillors to fill vacancies that have occurred in the municipal representation of three members who have been stricken with Big Bend fever, came off on Thursday last, and rosulted in the election of the selectors of the selectors of the selection of fragments at every minute, the roof was The steamer Labouchere, belonging to the Hudson Bay Co., plying between this port and Victoria, left here at 4, p. m., hanging down unsupported on the side the storehouse of the area, and Wells, Fargo & Co., was lying a mere heap of brick plaster and broken time on Saturday, and was wrecked the same pers. Blood was visible in many blaces, and men, with heads and hands cut by falling glass or timbers, night off Point Reves. The fog was very blaces, and men, with heads and hands cut by falling glass or timbers, were running back and forth in frantic search for missing friends. The main and the vessel got on the breakers before her commander discovered the many and the passengers, about 100 in number, were in bed when the vessel at the commander of the passengers about 100 in the passengers. struck: they immediately run on deck rear walls of Wells, Fargo & Co's buildthe engine was reversed and the vessel finally hauled off the rocks, when it was ing were terribly shattered, while fragments of doorways and window sashes only remained in places throughout the entire building. Two fine horsos attached to the ruins of Wells, Fargo & Co's ex-press wagon lay in the agonies of death found that the water was coming in very fast. The pumps were started and the passengers put into boats and upon a raft which had been constructed and headed by the suddenness of the shock, and no one appeared to know which way to turn or where to begin. There was not a whole window for a long distance from These two, a passenger by the name of Wilcay and a mulatto who was employed. the building in which the explosion took place, and in Brannan's block, opposite place, and in Brannan's block, opposite
Wells, Fargo & Co's, on Montgomery
street, the Stevenson House opposite, and
many buildings between California and on the vessel as steward, were lost. Sacramento streets, window frames and doors were generally shattered to fragments, while huge splinters of costly plate glass covered the street. The wood work of Wells, Fargo & Company's establish ment was almost wholly blown to frag ments, and even the doors were thrown outward into the street. Fragments of human remains were found scattered in

many places. A piece of skull was lying on California street, east of Leidsdorff Other portions of human remains and a human arm struck the second story window of the building across the street.

damaged condition. Capt. Cox, Superintendent of the P. M. S. S. Co.'s wharf yesterday morning about 10 o'clock, find ing they were leaking, sent them down to Wells, Fargo & Co's office, and they were placed in the court yard in the rear of the office, where the steamer freight unclaimed is usually kept. Webster, the freight clerk of Wells, Fargo & Co., sent for Haven, the freight clerk of the P. M. S. S. Co., and will land its passengers and Mexicans of the property of the consigned to the California and Mexicans of the property of the steamship Centinental, Capt. Windson:

The steamship Centin S. Co., to examine the same; both gentlemen lunched at the Union Club room, and afterwards went to the courtyard; the boxes were in the yard leaking, and it is natural to suppose that in examining the box, which is not a very large one, they either kicked or turned it over, and striking the oil on the ground, the concussion exploded the same. Webster and Haven were rent to pieces, showing they must have been immediately over or near the explosive material; no other persons among the dead were so mutilated some having their bodies filled with splinters, others their clothes burned or lown off, and others receiving fractures. Knight, from the appearance of his remains, was evidently killed by concussion The boxes containing the nitro-glycerine which exploded were each  $2\frac{1}{2}$  feet high, onne of Wells, Fargo & Co., where he soon expired. Meantime the search went on, hundreds taking part from time to time in the mournful work. Capt. Cox, of P. M. Co.'s line was in the building at the time of the explosion, and sent at once for a gong of stevedores from the Mail Co's wharf, and the work of exhum-

ing was thenceforward carried on system

KILLED AND WOUNDED.

THE STEAMER LABOUCHERE.

for the shore, which was some 10 miles

atically. The mass of brick and rubbish where the Union Club House kitchen had stood, where it was believed a large num-ber of the sufferers were buried, was removed piece by piece, as the mangled remains were brought out one after another and conveyed away on stretchers or in carriages. This scene was indescribably mournful and impressive.

CHICAGO, April 18—General Meade and staff have gone to Eastport. It is supposed they have gone to look after the Feniaus.

HALIFAX, April 18—A resolution in tavor of the Confederation of the Provinces passed both Houses of the Nova Scotia Parliament. The New Brunswick Parliament have adourned for a month to enable the new minis-ry to be formed and election to be held to fill vacancies caused by the resignation nem bers.

OMAHEE, April 18.—The government com-missioners have examined and accepted the second section of the Union Pacific railroad. The track is now being laid at the rate of a mile a day.

NEW YORK, April 18—Thirty ships left Liverpool for this country during March with 3648 cabin and 1048 steerage passengers.— Number of passengers for the quarter 24,277. Ole Bull, the celebrated violinist, died at Quebec April 10th.

rate of one cent for three words. Sr. Louis, April 18 - Brownsville advices say the Liberals captured a wagon train be-tween Vera Gruz and Monterey, killing and capturing 250 French soldiers. One hundred

A RICH SILVER LEAD .- A lead of silver ore, three feet wide at the outcrop, has redistrict, near the Thompson river, which pro portant discoveries yet made in this colony. specimen of the ore was brought to town or Friday last, and assayed at the governmen ssay office, which gave the following result \$877 per ton of silver, and 16 dwts, of gold-

EXPLODED.

AN IMPORTANT QUESTION SETTLED

Innumerable efforts have been made by mathematicians to square the circle. It is now admitted by rational men that no such thing is possible. A question of the same sort, nearly, is often propounded which for the moment, may puzzle a man of slow wit, but which is eventually seen to be incapable of solution likewise. It is this? What would be the consequence of an irresistible body coming in contact with an immovable one? Very little consideration is required to enable one to discern that this is a contradiction in terms. The closest approximation to a categorical answer that we have ever heard of has been given by an eminent pathologist, Professor Holloway, who has proved beyond all question that his extraordinary Pills and Ointment are irresistable in their effects on diseases which under every other treatment were absolutely immovable. This is no boast. It is true. We court disproof. His medicines, we say, are the greatest remedial agents that scientific genius ever invented. "Pshaw," some contemptible professional stervling, or disappointed charlatan may exclaim, what is it all but quackery!" Ignorant, or unthinking people may be found to re-echo the charge. But stop, friends. You do not bear in mind that this-very cry of ', quack-quack-quack-ery,' which is as frequently raised against the true thing as the false, savors itself of the greatest quackery. Besides an imposition cannot last for ever. If Hollowan's Medicines are an imposture they are the most gigantic one that ever darkened civilization. If they are an imposture they have offected more good to humanity than thousands of ostentationsly benevolent verifies. If they are an imposture they are of the age have testified to their unparalleled effects as sanative agents. Princes and Potens of the spin hankful for. The most eminent medical men of the age have testified to their unparalleled effects as sanative agents. Princes and Potens of the age have testified to their unparalleled effects as sanative agents. Princes and Potens of the agent has been tha Wilcox, and a mulatto who was employed soon as the intelligence reached town, the ports the Labouchere a total loss, and brought back several passengers, the remainder having been taken up by the Montana, and carried towards Oregon.

CALIFORNIA.

San Francisco, April 15—There were forty-five deaths in San Francisco last week.

The Mechanica' Institute Association split last evening, and the factions held separate meetings.

Flags are out at half-mast all over the city to-day, and the morning papers are in mourning for the death of Lincolo.

The new banking house of the California Building and Loan Society was formally in augurated yesterday.

Arrived—Schooner Flying Dart, fifteen days from Carmen Island; ship Peruvian, 162 days from New York. ports the Labouchere a total loss, and

MARKETS. San Francisco, April 19th.—Candles—900 bxs Grant's sold from 2d hands at 23; and 100 do Emery at 29. Molasses—Hawaiian, is firm with sales in lots from wharf of 600 bbls. The boxes containing the nitro-glycerine which exploded were each  $2\frac{1}{2}$  feet high, and their superficial measurement was 14 feet 11 inches; only one exploded, the other being found leaking but unexploded. Two hours after the catastrophe search was made for the wounded. Lying in the renr were three bodies, two not recognised were lifeless, the third, which was underneath the others, proved to be that of Garret H. Bell, assayer, and member of the Board of Supervisors for the Eighth District. Bell's features were found to be sadly mutilated, his clothing almost torn off, but he still breathed, although insensible; he was removed to the Express office of Wells, Fargo & Co., where he soon expired. Meantime the search went on, hundreds taking part from time to time in the mournful work. Capt. Cox,

Special Dispatch to the "Colonist." CLAY RELEASED.

Cor. Washington and Sansome streets,

Huchcoway's Onyment.—Wounds, Scalds, Surns, and Irritating Sores.—The peculiarly mild, southing, and irritating Sores.—The peculiarly mild, southing, and inflammatory power excited by this Onitment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The Seratch, the burn, or the seald, treated early with this Olatment, assumes no angry aspect, and nover long tortues the little sufferer, whose very cry excites each heart for the proposition and pieces the particles of the proposition of

Holloway's Outhiert and Pills—Papitation, shortness of Breath, Drops,—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure he resorted to. In Holloway's unrivalled Ointment and Pillst the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisatory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns. HOLLOWAY' OINTMENT AND PILLS .- Fistu

HOLLOWAY OINTMENT AND PILLS.—Fistulas, Piles, Excorlations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrost their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excorlations, a few applications of this healing Ointment effect a cure, while the Pills, contionity used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration. HOLLOWAY'S OINTMENT AND PILLS, a certain

remedy for diseases of the skin-Ringworm scurvy, scrofula, or king's evil, sore heads, and \*\*British Colonist\*\*

THE POWELS REGULAR.

sons afflicted with Piles, may rely on a positive cure

RADWAY & CO., 87 Maiden Iane, Now York. olloway's Ointment and Pills.—The y medical chest that is furnished with these is full remedies needs nothing more. Indiges, general dibility, liver complaint, eruptions, wounds, ulcers, tumours, &c., are infalicy ured by their use. They purify the blood and g. c tone and vigour to the whole system. The Unitment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, une cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS AND CINTMENT.—Influenza, Colds.—In discases of the throat and chrst, \*5\_prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable tenedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Bolloway's preparations, tone is conferred on the stomach and frame generally; the fluids are recenerated, morbifle matter is expelled, and a happy revolution occurs throughout the system.

Holloway's Ontiment and Pills—These

HOLLOWAY'S OINTMENT AND PILLS-These potent remedies constitute a materia medica in themselves, for there is no iternal or external disorder cont. oilable by met. time for which the one or the other of them is not a positive remedy—cruptions, tum-rs, scrofula, scurvy, cancer, astima, rheumatiem, gout, and dropsy entirely sebside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce me most astouishing results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature. themselves, for there is no i ternal or external

HOLLOWAY'S OINTMENT AND PILLS-Acute Rheumatism. In all severe pains in the joints Holloway's Ointment and Pills—Acute Rheumaisin. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the frecirculation, and expel the disease. In these can plaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happies effect in assisting the Ointment.

Holloway's Pills.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evile, and is ze common, so the parent of so many evile, and is ze common, so the succeeding that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills ar naud,
